## Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the services for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realm.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

## Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Field Marshal Commanding in Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

**REGULATIONS to be observed by RETIRED GENERAL and FIELD OFFICERS whose Names are retained in the ARMY LIST.**

ALL RETIRED GENERAL AND FIELD OFFICERS whose names are allowed to be retained in the ARMY LIST, whether they may have sold out since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, shall send a Notification\* to Her Majesty's Secretary of State for War of their being alive on the 1st January and the 1st July of each year.

If such Notification due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the ARMY LIST.

## ROYAL WARRANT and REGULATIONS under the *Regimental Debts Act, 1863.*

VICTORIA R.

WHEREAS it is by the Regimental Debts Act, 1863 (26 & 27 Vict. c. 57), enacted (among other things) that we may from time to time, by Warrant under our royal sign manual, do all such things as are in that Act directed or authorized to be done by Royal Warrant, and also prescribe such Regulations as may seem fit for the better execution of any of the purposes of the Act;

And whereas it is by the same Act further enacted that the Act should, with respect to the making of any Royal Warrant under it, take effect from its passing, and in all other respects should take effect from the time appointed for its commencement in the Royal Warrant first made under it; and no such Warrant has heretofore been made:

Now, therefore, we do, by this Warrant under our royal sign manual, in pursuance of the said Act, and by virtue and in exercise of the powers thereby vested in us, and of every other power enabling us in this behalf, declare it to be our will and pleasure—

I. That this our Royal Warrant and the Regulations hereunto annexed, to be administered and interpreted by our Secretary of State for War and our Secretary of State or India in Council (as the case may require), shall, subject to and in conjunction with the Regimental Debts Act, 1863, be the sole and standing authority on the matters in these our Royal Warrant and Regulations comprised.

II. That the Regimental Debts Act, 1863, and these our Royal Warrant and Regulations, shall commence and take effect on the 1st day of March, 1866.

III. That where and so far as the Regimental Debts Act, 1863, or these our Royal Warrant and Regulations, do not particularly prescribe the manner in which any sum of money is to be disposed of or invested, then and in every such case, until by further Warrant under our royal sign manual we otherwise direct, the same shall be disposed of or invested as the same would have been disposed of or invested if the Regimental Debts Act, 1863, had not been passed.

IV. That until by further Warrant under our royal sign manual we otherwise direct, medals and decorations belonging to an Officer or Soldier dying on service shall be disposed of as our Secretary of State for War may, according to the circumstances of different cases, think fit.

Given at our Court at St. James's, the 30th day of September, 1864, in the twenty-eighth year of our reign.

By her Majesty's Command.

GENERAL ORDER. No. 853.

*Horse Guards, S. W., 10th October, 1864.*

His Royal Highness the Field Marshal Commanding in Chief is pleased to approve of General Officers commanding Districts and Divisions in Great Britain, and Officers commanding in garrisons not included in any military district, granting leave of absence to officers, and furloughs to non-commissioned officers and soldiers, under the following regulations and restrictions, viz.:—

1. Leave of absence, granted under this order to officers, may commence on 15th

GEN. ORDER, No. 853—continued.

October, or as soon as the half-yearly inspection shall have been made. Furloughs granted to non-commissioned officers and soldiers may commence from the 1st of the next month.

2. These indulgences are to terminate on the 14th of March next, when, agreeably to her Majesty's regulations, all officers and soldiers are to be present with their respective regiments and depôts.

3. One Field Officer, one-half of the Captains, and one-half of the subaltern officers, are always to be present.

4. No officer (except in the performance of duty, or for the purpose of joining his regiment) is to quit the United Kingdom without having first received her Majesty's special permission, according to the regulation on that head.

5. Officers employed on the recruiting service or upon the staff of the Army, are not to be included in the number hereby fixed for the constant duty of the regiment or depot.

6. The applications for leave for Regimental Paymasters and Medical Officers are to continue to be made in the mode prescribed in the regulations and orders for the army.

7. In cases of short leave of absence being requested by Adjutants, Riding Masters, Quarter Masters or Veterinary Surgeons of Regiments, it will be necessary that a special report be made as to the mode in which their duties are to be performed during their absence, and that the Commanding Officer is satisfied.

8. The proportion of Non-commissioned Officers, Trumpeters, Drummers and private men, to whom furloughs may be granted, is not to exceed twenty per battery of horse, and field artillery, or ten per troop, battery of garrison artillery, or company. Commanding Officers of Regiments returning from India may exercise a liberal discretion in granting furloughs to soldiers who came home with their Corps.

When Corps are not stationed in garrisons or military districts, the Officers commanding are at liberty to use their discretion in granting the indulgence of leave of absence, under the foregoing restrictions, to the officers and soldiers under their command, reporting the same to the Adjutant General.

His Royal Highness expects that the general and other officers who are empowered to grant leave of absence, under the provisions of this order, will strictly confine that grant to the proportion of officers herein specified.

By Command of HIS ROYAL HIGHNESS

THE FIELD MARSHAL COMMANDING IN CHIEF.

JAMES YORKE SCARLETT,

*Adjutant General.*

#### GENERAL ORDER. No. 854.

Schools.—5 (1864).

*Horse Guards, S. W., 18th October, 1864.*

His Royal Highness the Field Marshal Commanding in Chief, and the Secretary of State for War, having approved of an amended system of Classification, Inspection and Examination of Army Schools, His Royal Highness, with a view to carrying out the same, commands the following directions to be published for general information and guidance.

The practice which has hitherto prevailed in Army Schools of classifying the adults and grown children according to their attainments in one subject only, is henceforth to be discontinued, and they are in future to be arranged in Reading Classes according to their attainments in reading, and in Arithmetic Classes according to their attainments in arithmetic.

The Reading Classes of the adults will likewise take up writing (which requires no special classification for the purpose of instruction) as well as grammar, history and geography.

Writing may also be taken up by the Arithmetic Classes; in this case it might be necessary that the scholars should write upon single sheets of paper, such sheets, properly ruled for text-hand writing, will be supplied on requisition.

Unless the duration of the school attendance exceed one hour and a-half, reading and arithmetic are not to be taught in Adult Schools at the same attendance.

Whenever the instruction in either reading or arithmetic is unequally affected by field-days or other causes preventing the attendance of the men, the balance can be restored by changing the daily routine, under sanction of the Commanding Officer.

GEN. ORDER, No. 854—continued.

Upon the name of an adult or of a grown child being entered on the school-books, an examination-book is to be set apart for him.

The highest degree of education to which the pupil has attained is to be shown by his writing exercises on the first page of this book. Directions for the examination will be found attached to the book.

This book is to be kept by the Schoolmaster, who will issue it to the pupil on occasions of examination only.

The Schoolmaster is to examine once every half-year, viz., during the four weeks preceding the summer and winter holidays, every pupil of the adults, and Grown Children's School whose name is on the School-books. He is also to examine, at the time of withdrawal, every pupil who may leave the school during intermediate periods. The examination-books are to be used on all these occasions.

The Schoolmaster will enter in Form D the result of the examination, and will forward that form to the Council of Military Education through his Commanding Officer, and will supply a copy of it to the Assistant or Local Inspector of the District or Station.

An examination similar to the half-yearly one will be held by the Schoolmaster during the month preceding the visit of the Assistant Inspector or Superintending Schoolmaster; unless this visit should occur within two months of the Schoolmaster's last half-yearly examination. The Commanding Officer will arrange that every adult whose name is on the school-books shall give one attendance at least, during the month, for the purpose of examination.

With the view of affording the Assistant Inspectors, or Superintending Schoolmasters, the best opportunity of judging of the progress and qualifications of all men attending Regimental Schools, and of reporting upon the same, His Royal Highness directs that, on the day or days which may have been previously fixed upon for the examination, all men whose names are on the school-books, and who are not on guard or otherwise employed on urgent duties, be ordered to attend; and that in no case shall fatigue duties or ordinary parades be allowed to interfere with such attendance.

On the day of examination a return of men on the school books, who are sick, on duty, or otherwise employed and unavoidably absent, will be given to the Examiner to enable him to refer to the work done by them at the Schoolmaster's previous examination.

His Royal Highness having been pleased to approve of 1st, 2nd and 3rd Class Certificates of Education being issued by Commanding Officers upon the recommendation of Assistant or Local Inspectors of Army Schools, Commanding Officers will arrange that all candidates for those Certificates, whether belonging to the School or otherwise, shall attend for examination on the day appointed.

At those Foreign Stations which are not visited by Assistant or Local Inspectors of Schools, but to which a Superintending Schoolmaster is attached, the recommendation of the latter Officer may be accepted in lieu of that of the Assistant or Local Inspector.

Superintending Schoolmasters may also, when required by the Officer commanding the Station, conduct the examination of Candidates for Certificates, even at Stations visited by Assistant or Local Inspectors. But in this case the questions will be set by, and the written answers will be forwarded to, the Assistant or Local Inspector, with the errors noted thereupon by the Superintending Schoolmaster, and those who assist him; and the recommendation for Certificates will be made by the Assistant or Local Inspector to the Commanding Officer.

At Stations which are not visited by an Assistant or Local Inspector, and to which there is no Superintending Schoolmaster attached, the examination of candidates for Certificates of Education will be conducted by a Regimental Board of Officers, appointed by the Officer commanding, with the assistance, so far as may be requisite, of the Regimental Schoolmaster.

The recommendations of such Board may be accepted by the Commanding Officer in lieu of those of the Assistant or Local Inspector of Schools.

A Return will be made on the 1st of January of every year, to the Adjutant General, of the number of 1st, 2nd and 3rd Class Certificates of Education in possession of the Non-commissioned Officers and men of every Corps.

Blank Forms of Certificates will be supplied by the Council of Military Education, on the requisition of Commanding Officers.

By Command of HIS ROYAL HIGHNESS

THE FIELD MARSHAL COMMANDING IN CHIEF.

## CIRCULAR, No. 876.—(*Hospital Camp Equipage*.)

HOME AND FOREIGN (EXCLUSIVE OF INDIA).

7,561—30.

War Office, 20th October, 1864.

SIR,—I am directed to inform you, that the Secretary of State for War has decided that it is the duty of the Purveyor to bring on his charge and be responsible for the due custody of all Hospital Marquees and other Stores kept expressly for Hospital use on Home and Foreign Stations; but in cases where the Purveyor has not sufficient store room for this purpose, and additional accommodation, without hiring, cannot be placed at his disposal, Lord de Grey considers it desirable, to avoid expense, that the Military Store Officer, having sufficient spare room, should keep the reserve stores on the Purveyor's account, to be issued at once on the simple requisition of that Officer. The Hospital Stores retained by the Military Store Department will be surveyed as laid down by Circular No. 498, and reported to the General Officer as being in good repair and fit for immediate use.

In order to carry out the above arrangement, you will be pleased to assemble a Board of Officers (of which the Principal Medical Officer, the Purveyor, and the Military Store Officer should be members), to determine the number of Marquees and Tents which it is considered desirable to set apart for Hospital purposes at the Station or District under your command, and to forward the report of such Board for the consideration of the Secretary of State for War.

I have the honor to be, Sir, your obedient servant,

To General or other Officers

Commanding at Home and Abroad.

EDWARD LUGARD.

## CIRCULAR, No. 878.—(*Gunpowder and Ammunition*.)

73—Gen. No. 549.

War Office, 27th October, 1864.

THE attention of the Secretary of State for War having been drawn to the recent discovery of a quantity of Gunpowder and Small-arm Ammunition in the desk of a Clerk lately discharged from the Royal Arsenal, Lord de Grey desires it to be generally made known, that all persons employed in the several branches of the War Department are strictly prohibited, under any pretence whatever, from keeping or introducing Gunpowder and Ammunition within any War Department premises or buildings, except when such buildings have been specially constructed and set apart for the proper care and preservation of Gunpowder, or when it may be necessary to forward, in connection with correspondence to or from this Office, small packets of Gunpowder or Ammunition as samples.

EDWARD LUGARD.

## CIRCULAR, No. 879.—(*Measurement of Ordnance*.)

73—3—5759.

War Office, 28th October, 1864.

THE Secretary of State for War having had under consideration the existing rules for the Measurement of Ordnance, desires that the following may be observed for the future, viz.:—

1. All service cast-iron and brass ordnance (smooth-bore) are to be measured as at present, from the base ring to the face of the muzzle.
2. All muzzle-loading rifled or smooth-bore wrought-iron ordnance, without base rings, are to be measured from the smallest diameter of the neck of the breeching-loop to the face of the muzzle.
3. All breech-loading guns, with removeable breech screws, are to be measured from the end of the gun, exclusive of the screw, to the face of the muzzle.
4. All guns with attached breech-pieces or screws are to be measured from the end of such screws when screwed up, to the face of the muzzle, exclusive of the handle or lever, if any.

## CIRCULAR MEMORANDUM. Gen. No. 319.

*Addressed to the Army at Home and Abroad.*

Field Exercise—2 (1864).

*Horse Guards, S. W., 14th November, 1864.*

His Royal Highness the Field Marshal Commanding in Chief desires that the following foot-note may be inserted at page 365 of all copies of the "Field Exercise and Evolutions of Infantry":—

"On all occasions, except Regimental Drill, a Battalion in line changing front in echelon, will move in the method above directed, instead of that laid down in Sections 56, 57 and 58 of this part."

THE FIELD MARSHAL COMMANDING IN CHIEF.

JAMES YORKE SCARLETT, *Adj. Gen.*

## GENERAL ORDER. No. 856.

Staff College—3 (1864).

*Horse Guards, S. W., 21st October, 1864.*

THE accompanying Regulations for the Staff College, having been revised, are now promulgated, for the information and guidance of Officers of the Army.

All applications to study at the Staff College must be made whilst the Officer making it is present and serving with his Regiment, through the Commanding Officer. No application from an Officer on leave will be entertained.

Although only one Officer can be spared from a Battalion at a time, for the purpose of studying at the College, this will not, necessarily, prevent a Battalion sending more than one to compete at an examination, if circumstances admit of their absence from their Regiment.

The principle under which Officers are allowed to enter the Staff College being that of pure competition, it follows that candidates who may be found qualified at any examination, but who, from want of a sufficient number of vacancies, cannot then be admitted, will not have any claim to subsequent admission without undergoing another competitive examination.

It is hereby notified that, until further orders, Art. XIII. is suspended.

By Order of HIS ROYAL HIGHNESS

THE FIELD MARSHAL COMMANDING IN CHIEF.

JAMES YORKE SCARLETT, *Adj. Gen.*

## STAFF COLLEGE.

*Horse Guards, S. W., 25th August, 1863.*

THE following Regulations for the Staff College are substituted for those of the Memorandum of the 6th March, 1863, published with the General Order No. 808.

I. The Staff College is open to Officers of all arms of the service, and consists, at present, of thirty students; admission to the College being determined by a competitive examination. One Officer only can be admitted at a time from a Battalion of Infantry or a Regiment of Cavalry, and only four Officers at a time from the Corps of Royal Artillery; but so far as the exigencies of the service shall permit, there will be no limitation to the numbers allowed to compete for admission.

## GEN. ORDER, No. 855—continued.

No payment is required from students to the funds of the College.

I. The qualifications requisite for admission are,—

1st. A previous service of not less than three years, exclusive of leave of absence.

2nd. A certificate from his Commanding Officer, as follows :—

"I hereby certify that I have examined — on the various subjects connected with his duty as a Regimental Officer, and more especially on the points which form the chief qualifications of a Staff Officer, with a view to his competency for admission to the Staff College, Sandhurst; and to the best of my belief and judgment I consider him, from his general knowledge of the service, character, habits and disposition, to be qualified for employment on the Staff, provided he pass the usual competitive examination for admission to the Staff College.

"He is a (good, fair or indifferent) rider, and is not short-sighted.

"Signature of Commanding Officer of Regiment, —.

"Countersigned by the General of Brigade or other Superior Officer, —.

3rd. The candidate, if not a Captain, to have passed the examination for a Troop or Company.

4th. A medical certificate of good health, and fitness for the active duties of the Staff.

IV. Commanding Officers of Regiments will, in every case, forward applications for admission to the Staff College, through the General Officer in command, to the Adjutant General. If the Commanding Officer of the Regiment, or the General Officer commanding, cannot recommend the application of any candidate, the grounds of objection be distinctly stated.

V. The competitive examination for entrance to the Staff College comprises the following subjects, the relative value of each at the examination being shown by the number of marks attached to it :—

Mathematics	...	...	...	...	1200 marks.
Military History	...	600	...	...	900
Military Geography	...	300	...	...	300
French	...	...	...	...	300
German	...	...	...	...	300
Hindustani	...	...	...	...	300
Fortification	...	...	...	...	600
Military Drawing	...	...	...	...	300
Mineralogy and Geology	...	...	...	...	300
Chemistry, Heat, Electricity and Magnetism	...	...	...	...	300

In Mathematics, 400 marks are allotted to Arithmetic, the first four books of Euclid and Algebra, including questions producing simple equations; and of this number at least 250 must be obtained for qualification.

Every candidate must take up either the French, German or Hindustani language for qualification; the qualifying minimum is, in French 150 marks, in German or Hindustani 100 marks.

The remaining subjects, as well as the higher portions of Mathematics, may be taken up or not at the option of the candidate, the marks gained therein being reckoned in determining his position in the lists of competitors. No candidate, however, will be allowed to count marks in any subject left optional unless he obtains at least one-sixth of the number allotted to it.

In regard to Military History, early notice will on each occasion be given of the special campaigns on which questions will be set at the next ensuing examination.

VI. The examination of Officers serving in the United Kingdom, for entrance to the Staff College, is held in London, about the month of July, under the direction of the Council of Military Education.

In the case of Officers serving abroad, the examinations of such as are allowed to compete are conducted by means of the same printed questions as are set for the examination of candidates in London. These questions are to be answered in writing in the presence of a Board of Officers, which will be appointed by the General Officer in command, and which will certify that the candidate has obtained no assistance from books, or help of any kind in the examination.

VII. The College course of study commences annually on or about the 1st February. The transmission of the printed examination papers to stations abroad is so arranged that the examinations may be held simultaneously, and the merits of the candidates decided upon in time to admit of those who are successful joining the Staff College by the 1st February next ensuing.

VIII. The following are the subjects of instruction at the Staff College, viz.\*—  
 Mathematics—the minimum course will embrace this subject up to Elementary Mechanics, inclusive.  
 French, German and Hindustani.  
 Fortification and Artillery.  
 Topographical Drawing, Military Surveying and Sketching.  
 Reconnaissance.  
 Military Art, Military History and Geography.  
 Military Administration, including the organization and equipment of Armies in the Field.  
 Military Legislation.  
 Elements of Natural Philosophy, Chemistry and Geology, as applied to the Military Sciences.  
 Exercise in Composition will be afforded to the students during the whole course of instruction, in writing Memoirs or Essays on the subjects of the course.  
 Riding.

IX. The course of study occupies two years, which period is not to be exceeded, except in case of illness, and then only with the sanction of the Field Marshal Commanding in Chief.

The yearly course is divided into two terms, viz. from 1st February to 15th June, and from the 15th July to the 15th December, the intervening periods constituting the vacations.

X. As Officers may be expected to join the College with very varied degrees of attainment, provision will be made to enable any student who may be well prepared in any particular subject to attend more especially to other subjects in which he may feel himself deficient. If, for instance, the student should come to the College previously well instructed in Mathematics, he will be enabled to direct his attention principally to the Military Sciences or to Languages, in lieu of Mathematical Studies.

XI. During the whole course, monthly reports of the examination and progress of each student will be forwarded for the information of the Council of Military Education. Examinations are held at the end of every half-year; the summer examination being conducted by the Professors of the College, and the winter examination by examiners independent of the establishment, under the superintendence of the Council of Military Education.

The winter examination at the termination of the first year of the student's course is probationary, and any student will be required to withdraw from the College who shall fail to obtain the minimum aggregate of marks hereinafter stated.

Should, however, any marked case of deficiency or neglect be brought under the notice of the Council of Military Education at any half-yearly examination, or at any other period, such student will be also liable to removal.

The four following subjects will be taken up by every student at the probationary examination, viz. :—

	Maximum of Marks.	Minimum of Marks allowed to count.
Fortification ... ..	450	150
Military Drawing and Surveying ... ..	300	100
Military History ... ..	450	150
Military Administration and Legislation ... ..	450	150

Of the following subjects the student may select any three, one of which must be a language :—

Mathematics. First year's course, viz. —	Maximum of Marks.
Geometry, commencing with Euclid, B. VI. ... ..	} 300
Plane Trigonometry and Mensuration ... ..	
Algebra, commencing with Quadratic Equations ... ..	
Spherical Trigonometry and Practical Astronomy ... ..	
French ... ..	400
German ... ..	400
Hindustani ... ..	400
Any one Modern Language, provided one of the above be also taken up	400
Natural Sciences ... ..	400
Experimental ditto ... ..	400

\* A syllabus of the course of study will be forwarded to any Officer on application to the Council of Military Education, 13, Great George Street, S.W.

† It is optional to the student whether he take up this subject at the probationary or at the final examination.

GEN. ORDER, No. 855—continued.

Every candidate will be expected to obtain a minimum aggregate of 1,400 marks.

Any Officer who does not take up Mathematics as a subject will be required to satisfy the examiner that he has a competent knowledge of Mensuration, and of the mode of determining heights and distances by ground problems, and by the ordinary trigonometrical calculations, with the aid of logarithms; and that he is so far acquainted with Elementary Mechanics as is necessary for understanding the principles of the construction of military bridges, dams, &c., &c. His knowledge of these subjects will be tested at the probationary examination at the end of his first year of residence.

**XII. The following are the marks allotted to each subject at the final examination:—**

Subjects to be taken up by every student:—			Maximum No. of Marks.	Minimum allowed to count.
Fortification and Artillery ...	...	...	600	300
Military Drawing and Surveying ...	...	...	350	(Obligatory.)
Reconnaissance ...	...	...	350	350
Military Art, History and Geography...	...	...	600	300
Military Administration and Legislation ...	...	...	600	300

Subjects of which the student may select any three, one of which must be a language:—

	300	Maximum of Marks.
First year's course (marks carried forward) ...	...	...
Spherical Trigonometry and Practical Astronomy (marks carried forward, if taken up at the probationary examination) ...	200	900
Problems of Heights and Distances, Mechanics and Hydrostatics ...	400	...
French ...	...	400
German ...	...	400
Hindustani ...	...	400
Any one Modern Language, provided one of the above be also taken up ...	...	400
Natural Sciences ...	...	400
Experimental ditto ...	...	400

Every candidate will be required to obtain for qualification 350 marks in Military Drawing, Surveying and Reconnaissance; and an aggregate of 2,500 marks.

In the examination in Modern Languages, great stress will be laid on original Composition.

Officers desirous of showing their proficiency in other of the optional subjects, in addition to the *three* which are allowed to be taken up for the competitive examination, may be examined therein, and a special report of their qualifications will be made to the Field Marshal Commanding in Chief, but they will not be allowed to count any marks thus gained in determining their position in the order of merit.

**XIII.** Any Officer may, with the sanction of the Field Marshal Commanding in Chief, compete at the annual final examination, without previously passing through the College; and further any Officer who desires to enter the College for one year only, will be permitted, if there be a vacancy, to present himself, at the first annual examination of the junior division of students (who will then have completed their first year), and if qualified may join the College accordingly. In each case the qualifications noted in paragraph III. (above) will be required. Any Officer at the College, although of the junior division, may compete at the final examination of the senior division.

An Officer desiring to compete at the final examination should give not less than a year's notice of his intention, in order that he may receive a detailed statement of the subjects in which he, in common with the students of the Staff College, will be examined. To count his full marks he will be required to produce the same number of Plans, and of Memoirs in Military History, as are prepared by the students of the Staff College, certifying that they are his own unaided work, and that they were executed within the two years immediately preceding the examination. If his application to compete be granted by the Field Marshal Commanding in Chief, he will be required to attend at the College during the first three months of the term commencing the 15th July, in order that he may have the opportunity of executing the same surveys, reconnaissances, and projects of field fortification, as are executed by the regular students.

An Officer desiring to compete at the probationary examination for admission to the College for a residence of one year only, consequent on the occurrence of a vacancy in the junior division, will be required to give six months' notice of his intention, in order that he, in like manner, may receive a detailed statement of the subjects in which he will be examined, and of the Plans and Memoirs which he will be required to produce,

GEN. ORDER, No. 855—*continued*.

in common with the students of the then junior division. On receiving permission from the Field Marshal Commanding in Chief to compete, he will be directed to attend at the College during the first three months of the term commencing the 15th July, in order to have the opportunity of executing the same sketches and surveys as are executed by the students.

No Officer will be allowed to present himself at either of these examinations who shall have been examined during the same year for admission to the College for the ordinary period of residence.

Either or both of these examinations will be liable to be suspended whenever it shall appear that the supply of Officers from the College is sufficient to meet the requirements for the Staff of the Army.

XIV. After the final examination the Council of Military Education will draw up and submit for the consideration of the Field Marshal Commanding in Chief, a list of the successful candidates, arranged according to merit, with a special report of those who particularly distinguished themselves, whose names will be also mentioned by the Council in their report.

XV. Officers who have passed their final examination at the Staff College will be attached to other arms of the Service for the purpose of acquiring instruction in those duties and field movements which are not common to their own. Certificates of their efficiency therein will be forwarded to the Adjutant General by the Officers Commanding the Corps to which they have been attached.

Officers of Cavalry and Infantry will attend at Woolwich, or such other Station as may be ordered, for instruction in Artillery, for a period of six weeks.

Officers of Cavalry will be attached to Infantry for one month.

Officers of Artillery, Horse Artillery excepted, will be attached to Cavalry for one month, and Officers of Infantry for six weeks.

Officers of Artillery will not be required to be attached to Infantry.

XVI. The Regulations relative to the qualifications of Officers for direct Staff appointments will continue in force until the system which has been above detailed shall have fully come into operation, and the examinations referred to in that Order will be conducted under the direction of the Council of Military Education.

Officers, however, who have attained the rank of Lieutenant Colonel will be exempted from the operation of that Order.

As soon as the College shall be in a position to supply all vacancies in the Staff of the Army, no Officer will be appointed to the Staff who shall not have passed the final examination of the College, with the exception of those of the Royal Engineers, and of those who attained before the 1st January, 1860, the rank of Lieutenant Colonel, and in every case excepting Officers of proved ability in the Field.

XVII. Although the course of Mathematics at the College has been limited to that amount of knowledge which is considered essential to complete the education of the Staff Officer, it is probable that many Officers may desire to pursue their mathematical studies to a much higher point; and any candidates, therefore, who shall have proved their fitness for employment on the Ordnance Survey, or in the Topographical Department by superior progress in the science of Geodesy, as well as of Topography, will be named in the report of the Council of Military Education as deserving of employment in those Services.
